

MILWAUKEE TO SPEND HALF MILLION HERE

New Shops and Depot and Mammoth Yards to be Built Soon as Possible

THE PLANS ARE NOW DEFINITELY DECIDED UPON

North Side Freight and Passenger Facilities of the Road Will be Practically Rebuilt Entirely at Great Expense

From an absolutely reliable source, it was learned today that The Milwaukee Railway company has decided to spend nearly a half million dollars in reconstructing and increasing its yards, shops and depot facilities in La Crosse.

The matter is not in an embryo state; all details are already on paper and the first steps toward the summation of the plans have already been taken in this city.

Options have been secured upon the land chosen for the site of the new yards and all other preliminary work necessary in the carrying out of the plans attended to.

Announcement of the plans of the company in detail will be made in the near future as soon as some other negotiations necessary to their success, have been carried through successfully.

At the present time all that can be made public is that the company will

spend here in the neighborhood of \$400,000 and that the yards will still remain in North La Crosse.

Improvements of such a colossal nature that they nearly take one's breath away are incorporated in the plans of the company. No confidence is betrayed in stating that the company's additions here will make of La Crosse the greatest railroad city in the northwest outside of Chicago.

It can also be definitely stated that the actual work of construction will be started as soon as the frost is out of the ground in the spring. It is planned to complete the new yards and other improvements before winter sets in, as there is already an urgent need of increased facilities here.

What these big improvements will mean to La Crosse when the Pacific coast extension is carried through and this city becomes a division point and handles all the enormous traffic that will come this way from the coast, can be conjectured.

SPECIAL ELECTION NEXT TUESDAY

The special election to fill the vacancy in the council caused by the death of Alderman Frank Bartl will be held in Eleventh ward next Tuesday. Emil Guenther is the democratic candidate and George Roellig is running on the republican ticket. A hot campaign in the interests of both candidates is being put up in the ward and the contest promises to be a close one.

NORTH SIDE PARK TO BE SLAIN

With two of the north side aldermen opposed to the expensive park voted for that side of town prospects of the council voting \$18,000 bonds for the improvement do not seem bright.

In city hall circles this morning it was quietly talked about that the death knell of the proposed park, at least for the time being had already

CLASSES CONTINUED BY REQUEST OF DR. HARPER

(Scripps-McRae Dispatch.)

CHICAGO, Ill., Jan. 11.—According to the decree of Dr. Harper, almost the last order issued by the dying educator, classes at the University of Chicago went on today uninterrupted. The silent tread of the students, the sorrowing faces of 375 instructors and flags at half mast being the only signs of the leader's passing. Private services were conducted at 10:30 this morning at the residence by Dr. Frank Gunsaulus. A number of short addresses were made by other clergymen.

Public services will be held Sunday after the body is in state at Haskell hall.

DOWNS WANTS SEWER ON MILL

Will Ask for Appropriation of \$11,000 of Council

Ald. Downs will introduce a resolution in the council tomorrow night asking for a sewer on Mill street. The improvement is estimated will cost about \$11,000.

Alderman Downs at a recent meeting of the council said that in his opinion this sewer was needed more than any improvement suggested for the north side.

HOTEL FIRE VIC-TIM KNOWN HERE

Miss Hodges Visited This City a Year Ago in 'Varsity Work

Miss M. E. Hodges of Minneapolis, a woman well known to La Crosse society people, was among the victims of the West hotel fire horror in Minneapolis yesterday. She jumped from the seventh floor and was picked up dead.

Miss Hodges came to La Crosse about a year ago and remained for several weeks. As the representative of a university extension course, she sold numerous sets of expensive books to local people and became quite a favorite in society. She made numerous friends here who were shocked to learn of her tragic end.

COACH FALLS FROM ELEVATED TRACK, HANGS IN AIR

(Scripps-McRae Dispatch.)

ST. LOUIS, Mo., Jan. 11.—A Pullman car attached to a fast train on the Wabash entering the city from Chicago plunged this morning from the elevated tracks on the levee and six were badly hurt and others frightened almost into hysteria. The girders caught one end of the car and prevented a fall entirely to the ground or at least six would have been instantly killed.

SUICIDE DEFAULTED FOR MILLION

Startling Revelations in Investigation of Prior's Co.

(Scripps-McRae Dispatch.)

CLEVELAND, O., Jan. 11.—The cause of the suicide of Leland W. Prior, broker, believed by bankers who are probing his accounts, is that he sold forged municipal bonds in various parts of the country. He was also heavily involved with customers for whom he was carrying New York exchange accounts.

Detectives employed by the bankers' committee are seeking to find who engraved the bonds and who assisted in their disposition. Arrests are expected. It seems clear there were a number of confederates.

Bonds were sold in small lots, some to investors in the west and others in the east. It is discovered they were not sold in large quantities, to any one investor.

One of the men investigating said the failure will probably amount to a million or a million and a half. The suspended firms' books are in a terrible state of chaos.

All irregularities are laid at the door of the Cleveland office, but the investigation may extend to the Boston office of which Chas. F. Denison is in charge.

NEW VIOLA LUMBER COMPANY

Damage Suit Against Fair Association Taken up

Circuit court this morning took up the damage suit of Michael Webber against the La Crosse Interstate Fair association. Webber sustained injuries by falling from the grandstand at the fair grounds with several other people, all of whom were precipitated onto the track by the breaking of a rail against which they were leaning.

The following jury was empaneled to try the case: A. S. Harrison, R. K. Jones, W. H. Luth, A. C. Munson, Oscar Balstad, F. A. Kleist, B. Trepte, J. W. McCann, Abel Merrill, C. E. Macey and E. L. Childs.

BEET SUGAR FACTORY AT SPARTA

It is probable that a sugar beet factory will be erected at Sparta. A representative of a Madison refinery will address the farmers of that vicinity at a meeting January 13. J. B. Nerthrup, secretary of the Sparta Fruit Growers' association, states that a number of farmers near Sparta have already agreed to raise from one to two acres next year as an experiment, and will ship their crops to the factory at Madison. The soil around Sparta is especially adapted for beet culture and if the results from the trials, which will be made next year are favorable and enough contracts can be secured, Sparta will have a sugar factory.

La Crosse Pastors Heard Sunday

A committee of La Crosse clergymen, says the Winona Republican, stopped off in Winona on Tuesday afternoon on their way to Rochester, where they were to look into the work being done by Evangelist Sunday in that city, and if finding that it was producing good results the expectation was to make an endeavor to secure Mr. Sunday for a series of meetings at La Crosse.

The La Crosse ministers by seeing Evangelist Sunday this week will get ahead of the Winona clergymen who are to go to Rochester next week. It will most likely be quite a time, however, before Evangelist Sunday, if he should be invited, could hold meetings in either place, as his time is usually engaged from two to three years in advance.

BOY BANDIT ARRESTED IN MPLS.

Word has been received by the police here of the arrest at St. Paul of Joseph Martineau, one of the trio of boys tried on the charge of assaulting and robbing two old men in the Northwestern yards one night during fair week.

Martineau was the boy upon whose person was found the knife of one of the victims, who succeeded at his home in Trempealeau county a short time later as a result of mental

Line to 23rd St. on Main

SOUTH ON 23 TO MARKET

Connecting With Market Street Line to Cemetery

Pursuant to a request of the common council for an extension of its line to the Catholic cemetery, the La Crosse City Railway company has agreed not only to construct this line but to build a loop out Main street from Sixteenth to Twenty-third and thence south on Twenty-third to Market, connecting with the cemetery line.

The extensions decided upon by the street railway company will add 22 blocks to its lines or nearly two miles, which will not only be a great convenience to the public in traveling to and from the Catholic cemetery but will also tap a large residence district which has not hitherto enjoyed the benefits of the street railway. By actual count 117 families residing east of the Green Bay tracks in the territory bounded by the Campbell road and Market streets will be but a block or two at the most away from the new line.

The cemetery traffic alone, it is figured, would make the line a profitable one for the railway company, but added to this the residence traffic above mentioned the loop will undoubtedly be one of the best feeders for the company on the entire system.

The construction of the new line will not affect in any manner the Sixteenth street line now in operation, except that passengers from the territory across the track will be transferred onto these cars at Market and at Main street.

It has not been definitely decided just when the work of construction will be started but assurance is given that the work will be begun in the spring and the line will be in operation before the middle of the summer.

derangement following the assault and robbery. This was the principal evidence of the state against the three boys but the jury evidently did not regard it as sufficient to convict them.

Martineau was arrested with two other young men, Saturday night, in St. Paul and charged with a burglary which had baffled the police for several days before evidence was secured incriminating the three under arrest.

BOY SHOTS OUT FRIEND'S EYE WHILE HUNTING RABBITS

Joseph Marteau accidentally shot Percy Lovejoy with a shot gun yesterday afternoon as a result of which one of Mr. Lovejoy's eyes was removed last evening at the La Crosse hospital, Dr. F. C. Suiter performing the operation. He rested easily last evening and a few of his friends and relatives were present to see him, although Joseph, his friend, was not present as he was very sick from the effects of the sight.

The two boys went out on a hay rack to get some hay yesterday and took Percy's shot gun, which was presented to him by his father as a Christmas present, with the expectation of shooting some rabbits.

Upon arriving at a place about two miles north of Onalaska or between there and Midway they unhitched the horses and proceeded to get some rabbits.

Percy, it is said, was some distance in front and to one side of Joseph, and was breaking the bushes apart so as to give them a better view at the game, and just as Joseph shot Percy, who was in a stooping posture, raised up and received two of the small shot, one of them striking below and the other in the right eye which was removed last evening.

Ole Thorsen who was near heard the shot, but did not see any one until he heard the boy scream and he then went to their assistance and helped them rehit, but could not accompany them as he had a load near.

Joseph at once assisted Percy, who was conscious and talking all the way down. They drove back to Percy's home with all possible haste. Dr. Suiter took the boy from his home to the hospital. He rested easily last evening, but no one was allowed to see him today and no one will be tomorrow.

Vaucaire Galega Tablets
Bust Developer
Flesh Food and Tonic

CAUTION. Imitation and worthless nostrums are being offered and some dealers claim them to be "Just as good" as our Tablets.
The reason they offer imitations is that they can make more money on a substitute because it does not contain the expensive, genuine imported Rue Galega and our own essential ingredient.
Our Tablets will make good, healthy flesh, create a natural appetite, develop the bust, restore wasted breasts lost through nursing or sickness. Makes the cheeks plump and rosy, fills out the hollows of a scrawny neck, and clears the complexion. Vaucaire Galega Tablets nourish the fat producing cells, which is necessary to give the roundness of contour which is so desired and coveted by every lady of refinement. If you are careworn, nervous or run down, take a box of Vaucaire Galega Tablets and note their wonderful effect. Contains no injurious drugs. Highly endorsed by Beauty and Medical authorities, \$1.00 per box, 6 boxes for \$5.00. Send for booklet, also free sample of our Melrose Beauty Cream, the perfect massage and skin food. Novel Musical Event in Y. M. C. A. Course

The concert in Y. M. C. A. course at La Crosse theatre by stars of international reputation will present one novel feature that is meeting with great favor, viz., the introduction of the cornet as a solo instrument apart from the usual band accompaniment.

Bohumir Kryl is the greatest cornet soloist since the days of Levy. His tone and execution are marvelous. He possesses the rare ability to produce notes from a cornet as soft and sweet as those from a flute, and his range from E natural above the staff to low pedal F is a revelation to musicians.

Kryl greatly resembles Paderewski. In hair culture he even outshines the great Pole himself.

FINELY BRED ANIMALS INJURED

When a horse car arrived at the north side today one of six high bred horses, which were in the car was dead and the others were badly lacerated and may have been kicked by the other horses.

It is thought that the dead horse was knocked down somewhere when the cars gave a sudden lurch and that the other horses may have stepped on him and killed him. The owner took the other five to the Duncan livery barns, where they will be cared for until they can be shipped to their destination.

SOME INTERESTING FACTS ON M'SORLEY DISPOSITION

Reasons Why Certain Provisions Were Made in the Will of Well Known North Side Woman

The McSorley will as filed was printed in the Tribune last evening but several other facts which are somewhat interesting and which have not yet been brought to light are:

That Nell Sullivan was not related to the McSorleys.

That Miss Susie Mills was never legally adopted as the child of the McSorleys, though they took care of her as they would of their own child until her marriage some time ago to William Fitzpatrick, to which both objected.

The brick house at the corner of Caledonia and St. Andrew streets was deeded to Mary Mahoney, wife of Tim Mahoney at the same time the homestead was deeded to the St. James church. Tim is a nephew of Mrs. McSorley.

Miss Norah, Thomas and Miss Margaret Shay of Spokane Falls, Wash., who were provided for in the will are the children of a brother of Mrs. McSorley, who died recently.

CONGREGATIONAL CHURCH TO SEND A MISSIONARY

Rev. Charles H. Maxwell of Mpls.
Who Speaks Here Tomorrow, is
Chosen by Congregation

Upon Christmas Sabbath the First Congregational church of this city voted to adopt a foreign missionary and assume responsibility for his support.

Correspondence has been carried on with the American board of foreign missions which has resulted in the selection of Rev. Charles H. Maxwell of Minneapolis as the missionary of the church. Mr. Maxwell is a young man, recently married, who has been pastor of the Linden

Hills Congregational church in Minneapolis for the past two years. He has selected Africa as his field of work and sails in May.

Mr. Maxwell and his bride will be in La Crosse tomorrow afternoon and Mr. Maxwell speaks at the prayer meeting tomorrow evening. All members and friends of the church are invited to be present at this meeting and meet Rev. and Mrs. Maxwell. The ladies of the church will give a reception at the close of the evening service.

An Oak Park lady writes of her coffee experiment:

"I am of middle age and had been a coffee drinker all my life up to 5 years ago when my physical condition became so serious and medicines did so little good that I began to suspect that coffee was doing me harm. "I had gradually become very nervous, my heart grew subject to distressing palpitations and my mental faculties had got into dull, torpid condition. With it all came bodily weakness that made it almost impossible to get around.

"My physician examined me and said my heart was affected. I asked him if coffee was injurious to me and he replied that it 'would do no harm' to stop drinking it for awhile. And so I quit it.

"But I felt very much the need of a hot beverage, and in that way came to try Postum Food Coffee, which I had seen advertised. I had it prepared strictly according to the directions, and the result was a delicious, clear, drink which I found most refreshing and satisfying, with a flavor similar to that of the finest coffee.

"I have used it as my sole table drink ever since. Soon after I began to drink it my nerves steadied down to normal, the heart trouble ceased to annoy me, and my head has been clearer, my mentality more active and efficient during these 5 years than ever before in my life.

"My son-in-law was a victim of dyspepsia, until I induced him to stop drinking the old kind and begin the use of Postum Food Coffee. His digestion rapidly improved until it became perfect and, as he still uses Postum, it has remained so." Name given by Postum Co., Battle Creek, Mich.

EIGHT-HOUR BALL SATURDAY NIGHT

The long anticipated eight-hour mask ball to be given by the local typographical union will be held Saturday night at Germania hall.

This affair has been the principal topic of conversation in union circles for a couple of weeks past, marking as it does, an epoch in union social affairs in La Crosse, and perhaps in the northwest, for no union man in La Crosse ever heard of a ball being held on the basis of a union workday.

Eight hours to work and eight hours to play is the printers' rule for this affair and every union man who has been consulted in the matter believes it is ample. If the affair is as successful as it gives promise of being other unions will probably adopt the eight hour rule for their dances.

Germania hall is admirably adapted to an affair of this kind, all of the conveniences of a modern dance hall being found within. Various smoking rooms, refreshment rooms and cosy compartments for the ladies are found apart from the main dance hall and everything is conveniently arranged for the comfort of the guests.

The printers have spared no expense to make the affair successful. With two days still left before the dance costume dealers report there has been a big demand for garments and masks for the affair and some unique get-ups are promised by the maskers. The grand march starts at 11.

Helen Miller left Wednesday night for Indianapolis, where she is attending the conservatory of music, after spending the holidays with her parents in this city.

Entered as second-class matter June 22, 1904, at the Post Office at La Crosse, Wis., under the Act of Congress of March 3, 1879.

BEFRIEND YOURSELF.

Have you signed the Builders' pledge?
Oh! you have. Good.
And you? No? Well do so, now.
You certainly know the money you send to a mail order house in Chicago will not build up La Crosse.
You live in La Crosse. Your interests are here, and it is to your advantage that La Crosse go head, and grow.
La Crosse cannot grow unless its citizens are loyal to its industries.
You, Mr. Carpenter, Mr. Brickmason, Mr. Painter, what would you think if Mr. Manufacturer or Mr. Merchant sent to Chicago to bring carpenters, brickmasons or painters to La Crosse to do their work.
Well that's what happens every time you send a penny to Chicago to buy goods you could secure here, for the same price or cheaper.
So you must see the logic of supporting home industries—the industries that are supporting you, directly, or indirectly.
Be a friend to your own friends.
As La Crosse industries succeed, La Crosse grows. And as La Crosse grows the value of its property advances. The little home you bought for a few hundred dollars will be worth twice as much in five years if La Crosse people will support La Crosse business and make it succeed.
There are hundreds of reasons why you should pledge your support to La Crosse. It is unnecessary to enumerate.
Clip the pledge from this issue of the Tribune and send it to this office tonight.
Help the town. Help yourself.
At noon today the Tribune has 750 signed pledges.
Let us have yours.

ONE GREATER THAN THE LAW.

"I refuse to answer," said Henry H. Rogers in the high court of the state of New York.
"I refuse to answer on advice of counsel," he repeated when pressed and warned that the law is above the billionaire.
How long, O Lord, how long! Here is a man who stands convicted by public opinion of robberies wearing the mask of industry the magnitude of which are in the aggregate so great that the national treasury might be supplied for years from his stealings of the money of all the people. He and his associates are still plundering, and he dares tell a court of this "land of the free and home of the brave" that he "declines to answer" when inquiry is attempted to be made relative to his great "grafting."
Presumably Hank H. Rodgers is in contempt of court. But in reality the people of this great nation are in contempt that they permit it, and the court deserves to be in contempt because it has not the courage to deal summarily with this grafter of all grafters.

McCall says he will start another insurance company. Prospective insurance buyers are thus fairly warned.

Over in Ohio they have democratic governors so seldom that when they get one they put him in a glass case.

It seems that Rogers has heard of the Standard Oil company, but it is hard for him to remember just when and where.

And now, if Tom Lawson will really tell all he knows about the Standard Oil company, we'll have a lead story every day for a year.

Sign the pledge, and help build up your own town. The greatness of Chicago doesn't increase the value of that property of yours in La Crosse.

Is it not strange how such vast businesses as the Standard Oil company can be managed successfully, when no one connected with it, even knows where it's office is.

But how about converting the heathen with funds realized from eggs laid on Sunday? Is the wickedness of hens thus to be condoned? Are not such eggs "tainted"? Where are you, Brother Gladden?

A Poem for Today

I SAW TWO CLOUDS AT MORNING

By John Gardiner Calkins Brainard

I SAW two clouds at morning,
Tinged by the rising sun,
And in the dawn they floated on
And mingled into one;
I thought that morning cloud was best,
It moved so sweetly to the west.

I saw two summer currents
Flow smoothly to their meeting
And join their course with silent force,
In peace each other greeting;
Calm was their course through banks of green,
While dimpling eddies played between.

Such be your gentle motion,
Till life's last pulse shall beat;
Like summer's beam and summer's stream,
Float on in joy to meet
A calmer sea, where storms shall cease,
A purer sky, where all is peace.

JUST LIFE

"Licker Ads."

We stated recently in these here columns that we had never taken licker ads, for several years, and that we was in favor of the movement started in Memphis agin the saloons; and now that fathead, Sigh Lyle, wants to know how we can publish a prohibitionist paper and get on a jag onet or twict a week. We get drunk as an individual, not as a editor. Do you ketch on, Sigh?—Hardman (Tenn.) Free Press.

Between the labor unions, the trusts, the Standard Oil Co., Tom Lawson and other writers, the insurance filth and legislative rottenness, the people are beginning to feel a deep-down desire for the simple life.

Ohio newspapers have sent New Jersey's governor a petition with a half million signers, begging clemency for Mrs. Tolla, the condemned murderess. Will the governor stick to his "duty" as pointed out by antiquated and barbarous "statutes" or will he heed reason.

A Liar-rick.

Not a word have we heard of back talker
From the humorist down in Milwaukee;
We judge he is wise
That we're next to his size
And close, his face—well—till its chalice.

Chip of the Old Block.

Says the Lansing Journal: "Mrs. Barnum is spending this week on the bench at the A. E. Beardmore home." Well, we can only add that the name is not misplaced on one who can perform such a stunt this weather.

UNIVERSITY MAN MAKES DISCOVERY

MADISON, Wis., Jan. 11.—The highest recorded velocity of underground waters has just been discovered by Mr. H. C. Wolff of the department of mathematics of the University of Wisconsin, in the course of an investigation which he carried on in Arizona during the Christmas recess. The rate of movement of underground water in gravels near Tucson he found to be 144 feet in twenty-four hours, while the highest previously rated by observers was only about 100 feet. Mr. Wolff was commissioned by the chief hydrographer of the United States geological survey to spend the Christmas holidays giving instructions to the members of the engineering department of the University of Arizona in the methods of measuring the rate of movement of under-flow streams. The University of Arizona is carrying on this work for the purpose of developing the water resources for irrigation in the neighborhood of the city of Tucson.

S.S.S. OUR RECORD

With medicines as with other things, the surest test of worth is the length of time they have the confidence of the people. The efficacy of S. S. S. has been thoroughly proven by experience, and so successful has it been that today it is the best known and most widely used blood remedy in the world. For diseases such as Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, and other troubles due to an impure and poisoned condition of the blood, no remedy acts so promptly and thoroughly as does S. S. S., and thousands throughout the country, cured of such diseases, are daily recommending it to others similarly afflicted. **ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES.** S. S. S. is a blood purifier of the highest order, containing properties necessary to cure blood troubles of every character, and which make it the greatest of all tonics. It goes into the blood and drives out any and all impurities, and makes this stream of life strong and healthy, and when this is done disease cannot remain. Being made entirely from roots, herbs and barks, chosen for their healing, purifying and building-up properties, it does not injure any of the delicate organs or tissues of the body as do those medicines which contain Potash, Mercury, Arsenic or other harmful minerals, but cures safely as well as permanently. S. S. S. reaches deep-seated and inherited cases on which the ordinary Sarsaparillas and tonics have no effect. It is no experiment to use S. S. S.; it is a remedy with a record; it has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S.; write us about your case and let our physicians advise you and send book on the blood; no charge for either.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE MYSTERY EXPLAINED.

AN APPEAL

To the Manhood of La Crosse Men

For months THE TRIBUNE has been conducting a campaign to promote the support of La Crosse manufacturers by urging all loyal citizens to buy goods made in La Crosse wherever and whenever they are to be had on even terms with goods shipped here from foreign factories. It is an unfortunate fact that all of us are in the habit of neglecting this important duty. We do it because we are thoughtless; every man of us would buy a La Crosse article that is as good as a foreign-made article sold at the same prices, IF WE ONLY THOUGHT. The Tribune proposes to make every man in La Crosse THINK.

Why We Should Always Think

If La Crosse has a great future, it is as a MANUFACTURING CENTER. The sawmills and the Wisconsin pine forests made La Crosse. But the pine forests are gone, and the sawmills are gone, and most of the lumbermen are gone. Those who remain have wealth accumulated in a lifetime of industry, and they want to invest it. They would prefer to invest it in La Crosse, but they will not do so extensively unless they recognize a purpose on the part of the people of La Crosse to support the establishments that are started here. Neither will the millions of outside capital seeking investment come here without the encouragement of HOME SUPPORT. In short, La Crosse cannot be anything great except a manufacturing center, and it cannot become a manufacturing center unless its people invite investment in factories by supporting their factories.

It Is Up to You

Do YOU live in La Crosse? Do YOU expect to CONTINUE to live in La Crosse? If you do, you are vitally interested in everything that will build up La Crosse. Nothing will build this city up as will home patronage of home goods. The Tribune has begun a crusade which it believes will within one year increase the home market for home-made goods FIFTY PER CENT. That is a lot to say. We say it because we believe in YOU. We believe that once YOU become impressed with the importance of doing so, you will DEMAND home-manufactured goods. Who are YOU?

Are YOU a capitalist? An investor? If so, YOU know that a popular purpose to buy home-made goods means success to La Crosse factories whose successes MUST radiate success to every man who owns a dollar's worth of property here, or is engaged in business here, or earns salary or wages here.

Are YOU a merchant? If so you know that support of home goods means more factories, more employees, more patrons of the retail stores, more sales, more profits, more prosperity. It means enhanced values of your real estate; it means a bigger bank account and an expansion of your business.

Are YOU a salary or wage earner. If so you know that home buying of home goods means more employment, higher average wages, increased in value of your home if you own one, greater general prosperity in which you are a stockholder.

What Can You Do?

You can make up your mind to do something, and DO it. We ask YOU to fill out and sign the pledge that accompanies this article, and mail it to The Tribune. We guarantee you that this will HELP. "Every little bit helps."

Think what it would mean were 1,000 men of La Crosse to sign this pledge, and KEEP IT! WE KNOW that at least 5,000 La Crosse men will sign it and keep it. It is easy enough, and we know that YOU will do this little bit for La Crosse. WAIT A MINUTE! This means YOU. And NOW is the time.

Get your friends to sign this pledge also. See to it that your influence is exerted in a good cause. Write a letter telling what you think of the work, and suggest to us new ideas in carrying it out. Address all letters and pledges to

City Builders' Pledge

I hereby pledge my support to the movement for the support of HOME factories. I will buy La Crosse made goods wherever they compete in quality and price with foreign products; I will buy of home retailers in preference to foreign mail order or department houses; I will give preference to home jobbing houses; I will endeavor to induce my neighbors and friends to do the same.

PHYSICIANS MUST REPORT ACCIDENTS

Failure to comply with a law passed by the session of the legislature last winter which says doctors shall report all accidents has cost a physician in one of the northern counties of the state something like \$200 in fines. The law as passed in part: "It shall be the duty of any physician to report any accident to any person when such person is thereby incapacitated from pursuing usual work for two weeks or more. Reports shall be made within thirty days and failure to do so is punishable by a fine not less than ten dollars or more than \$50 or by imprisonment in the county jail not less than thirty days or more than sixty days for each offense.

The list includes all sorts of accidents, broken arms, gun shot wounds, corn shredder accidents, etc. The physicians are to make their reports out on blanks furnished by the state. These may be procured at register of deed's office and after being filled out are returned to his office. The county pays for the physician's trouble at the same rate as is paid for birth and death certificates.

The desire of union men throughout the state was explained to him and he informed the members of the board that under the present arrangement the printing was done by contract with the Madison Democrat Printing company, a non-union firm.

Following this statement the board voted to pay for the printing of the blanks if Mr. Beck could arrange to have them printed in a union shop.

It was decided to urge all union men in the state to make complete detailed reports of all accidents to Dr. E. A. Harper of Madison, member of the state board of vital statistics. The laws requiring all physicians in the state to forward these reports are not observed generally and it is felt that the interests of the labor class can best be served by having in the hands of the board complete statistics of the accidents due to the use of machinery and in other industrial pursuits.
